Re: Notice of Potential Liability Pursuant to Section 107(a) and Request for
Information Pursuant to Section 104(e) of CERCLA, for the Lower Duwamish
Waterway Superfund Site, Seattle, Washington

Dear Mr. DeWalt:

This letter notifies you of your potential liability, as defined by Section 107(a) of the Comprehensive Environmental Response, Compensation and Liability Act, 42 U.S.C. § 9607(a), as amended ("CERCLA"), with respect to the Lower Duwamish Waterway Superfund site located in King County, Washington ("Site"). This letter also requires you to provide information and documents relating to the environmental conditions at, and cleanup of, the Site. This letter is in reference to the property(ies) listed at the top of the enclosure. If the addresses for these properties and your business offices are different, you may receive more than one copy of this letter. Only a single response is required.

NOTICE OF POTENTIAL LIABILITY

EPA has documented the release or threatened release of hazardous substances, at the Site. EPA has spent public funds on actions to investigate and control such releases or threatened releases at the Site.

Under Sections 106(a) and 107(a) of CERCLA, 42 U.S.C. §§ 9606(a), a Potentially Responsible Party ("PRP") or parties may be ordered to perform response actions deemed necessary by EPA to protect the public health, welfare, or the environment, and may be liable for all costs incurred by the government in responding to any release or threatened release at the Site. Such actions and costs may include, but are

not limited to, a preliminary assessment and site investigation in order to gain an understanding of any risks posed by releases or threatened releases for the Site to human health and the environment, conducting a removal response action at the Site, expenditures for conducting a Remedial Investigation/Feasibility Study ("RI/FS"), conducting a Remedial Design/Remedial Action ("RD/RA"), and other investigation, planning, response, oversight, and enforcement activities. In addition, PRPs may be required to pay for damages to, destruction of, or loss of natural resources, including the costs of assessing such damages.

EPA has evaluated information in connection with the investigation of the Site performed to date and believes that you may be a PRP with respect to this Site. PRPs under CERCLA include current owners and operators of the Site, and former owners and operators of the Site at the time of disposal of any hazardous substances, as well as persons who arranged for disposal, treatment or transport of hazardous substances at the Site, or persons who accepted hazardous substances for transport to the Site. EPA is notifying you of your potential liability based on information available from public records. Over the next several months, EPA will send similar notices and requests for information to other parties. The order in which these letters are sent merely staggers the flow of information we hope to receive and does not assign any particular significance or priority to the property(ies) or degree of potential liability.

In accordance with CERCLA, EPA has already undertaken certain actions and incurred certain costs in response to conditions at the Site.

REQUEST FOR INFORMATION

Pursuant to the authority of Section 104(e) of the CERCLA, 42 U.S.C. § 9604(e), you are required to respond to the Information Request set forth in the Enclosure to this letter.

Failure to provide a complete truthful response to this Information Request within sixty (60) days of your receipt of this letter, or to adequately justify such failure to respond, may subject you to an enforcement action by EPA pursuant to Section 104(e) of CERCLA. The statute permits EPA to seek the imposition of penalties of up to thirty-two thousand five hundred dollars (\$32,500) for each day of non-compliance.

Please note that responses which are incomplete, ambiguous, or evasive may be treated as non-compliance with this Information Request. Provision of false, fictitious, or fraudulent statements or representations may subject you to criminal penalties under 18 U.S.C. § 1001.

Your response to this Information Request should be mailed to:

United States Environmental Protection Agency, Region 10
Claire Hong, Remedial Project Manager

INSTRUCTIONS

1. Answer Each Question Completely. Provide a separate answer to each question and subpart set forth in this Information Request. Incomplete, evasive, or ambiguous answers shall constitute failure to respond to this Information Request and may subject the Respondent to the penalties set out in the cover letter.
2. Number Each Answer. Number each answer with the number of the question to which it corresponds.
3. Provide the Best Information Available. Provide responses to the best of Respondent's ability, even if the information sought was never put down in writing or if the written documents are no longer available. Seek out responsive information from current and former employees/agents. Submission of cursory responses when other responsive information is available to the Respondent will be considered noncompliance with this Information Request.
4. Identify Information Sources. For each question, identify all persons and documents relied upon for the answer.
5. Confidential Information. The information requested herein must be provided even though the Respondent may contend that it includes confidential information or trade secrets. The Respondent may assert a confidentiality claim covering part or all of the information requested, pursuant to 42 U.S.C. §§ 9604(e)(7)(E) and (F), and 40 C.F.R. § 2.203(b). All information claimed to be confidential should be contained on separate sheet(s) and should be clearly identified as "trade secret" or "proprietary" or "company confidential." A confidentiality claim should be supported by the submission of information consistent with 40 C.F.R. Part 2. Information covered by a confidentiality claim will be disclosed by EPA only to the extent, and only by means of the procedures, provided in 40 C.F.R. §§ 2.201-2.311. **If no such claim accompanies the information received by EPA, it may be made available to the public by EPA without further notice.**
6. Disclosure to EPA Contractor. Information submitted in response to this Information Request may be disclosed by EPA to authorized representatives of the United States, pursuant to 40 C.F.R. 2.310(h), even if the Respondent asserts that all or part of it is confidential business information. EPA may provide this information to its contractors for the purpose of organizing and/or analyzing the information contained in the responses to this Information Request. If submitting information and asserting it is entitled to treatment as confidential business information, the Respondent may comment on EPA's intended disclosure within 14 days of receiving this Information Request.

7. Personal Privacy Information. Personnel and medical files, and similar files the disclosure of which to the general public may constitute an invasion of privacy, should be segregated from responses, included on separate sheet(s), and marked as "Personal Privacy Information". Note, however, that unless prohibited by law, EPA may disclose this information to the general public without further notice.
8. Objections. The Respondent must provide responsive information notwithstanding objections to certain questions. To object without providing responsive information may subject Respondent to the penalties set out in the cover letter.
9. Privilege. If a privilege is asserted for any document responsive to this Information Request, identify (see Definitions) the document and provide the basis for assertion. If a privilege exists for only a portion of a document, provide the portion of the document that is not asserted be privileged, identify the portion that is asserted to be privileged, and provide the basis for asserting privilege. **Please note that regardless of the assertion of any privilege, any facts contained in the document which are responsive to the Information Request must be disclosed in your response.**
10. Declaration. The Respondent must complete the enclosed declaration, certifying the accuracy of all statements in your response.
